Dear Sir or Madam,

Please could you process this order **R343578** for oxygen sensors please?

and as hopefully agreed with Sophie I'll await a sample infant SpO2 reuseable (Children's ward) for delivery to:

The Countess of Chester Health Park,**Clinical Engineering Dept.****Liverpool Road****Chester****CH2 1UL****Telephone: 01244 364228**

Many Thanks

Jon Betney

Dear Jon,

Thank you for your patience. We have received confirmation that the weight range for part number 6011922 is 4 - 15 kg (8.8lb - 33lb).

I have also received the green light to send you a sample unit to see if you are happy with the product, in exchange for your feedback. The lead time for this would be approximately 2-4 weeks. Please can you advise the best address to send the sample to?

Kind regards

Sophie Lines

Hi Sophie,

Could we have a sample sensor to check we are happy with build quality etc. for use in our new Women & Childrens building, with a lot more Philips Monitoring capabilities.

Many Thanks

Dear Jon,

Thank you for your email. I can confirm the price of part number 6011922 (Reusable SpO2 Sensor Compatible with Philips - Infant - Silicone - 2.0m - 059) is £75.10 plus £12.00 carriage plus VAT. The lead time is approximately 2-4 weeks from ordering.

With regards to the weight range of this item, I am currently looking into this for you and will be back in touch with an answer as soon as possible.

If you have any further questions, please do not hesitate to contact me.

Kind regards

Dear Sir or Madam

I have a query regarding this Philips style compatible SpO2 sensor for the 4-15kg approx. three years of age, or is this in the 15-50kg range?

for our Children's Ward Philips monitoring

also could someone help with the price per unit as 'ProAct' aren't getting back to me?
