Hi Stephen

The following are the current oxygen sensor back orders:

100 x 0110365 GOC5223 - for December

100 x 0110122 R-22A - for December

1 x 01100950 N-33

Have you had any thoughts on your requirements for January, February..?

At the moment the demand is unusually high for oxygen sensors and this is having an effect of increasing production lead times.

Regards
