Good morning,

Just a quick email to ask if proforma MVM159654 is still required.

As you are aware, there is a lead time for this item, but in order to secure stock that is expected, the proforma invoice would need to be paid for.

If we do not receive a payment soon, the lead time could be even longer due to other customers ordering this very popular sensor.

Many thanks.

Kind regards

Good morning Chandu,

Thank you for your PO. Please accept my reply on behalf of Sophie. Please see attached proforma invoice, valid for 30 days.

I can see that Sophie has mentioned the long lead time for part number 0111002 UFO 130-2 PCB.

Please let me know if you require any changes to be made.

Kind regards

Good afternoon,

Thank you for your email. Please accept my reply.

I have attached a quotation for the items requested. The current lead time for the UFO 130-2 Amplifier is approximately 3 months. I have used the same addresses and shipment method (EXW) as per your previous order, but please let me know if you require any changes?

If you would like to proceed with this as an order please let me know and I can amend this to a Proforma Invoice.

Kind regards
