Hi Aleh,

Please can I ask if you have paid for **MVM160642** (carriage charge relating to your outstanding
order) as the carriage charge may change to include these other items. If you have, please let me
know.

Many thanks.

Dear Kate,

You can send me a Proforma just now.

According to the current lead time, the sensors OOM204 will be ready for the shipment along with
the rest of SpiroQuant H (4 boxes) ? Anyway, we are expecting to get them together as the both
items are for the same customer.

Kind regards,

Aleh

Thank you for your reply Aleh.

Would you like a proforma invoice for 10 x 0110582 - OOM204 to be shipped by themselves
when they are in stock?

The lead time would be approximately 5-6 weeks from date of payment.

Kind regards

Good morning Aleh,

These sensors are not in stock - 0110582 - OOM204. We can offer an alternative. The R-47V - part number 0110047 is in stock, it costs €55.20 each.

Is this a sensor you would accept? I have attached the data sheet.

Good morning Aleh,

I am pleased to say that we can ship most of your orders next week.

We can ship as follows:

203 x 0110583 and 9 x 4310503.

If you require 4 x 4310503 shipping separately, I would need to send you a proforma invoice to pay for shipping (I have not worked the amount out). Alternatively, the outstanding 4 x 4310503 could be shipped with your next order.

Please let me know how you would like to proceed.
