Good morning Kate,

Looking at our records which may not be accurate. The device was purchased in 2009 and was last serviced in 2019. I also don't think it has had a service overhaul.

Kind regards,

Good morning Michael,

We have received your device MaxBlend s/n TE00000023. Our service team have asked me to contact you.

They would like me to ask if you are able to tell us how old the blender is, when it was last serviced and if it is over three years old/or since its last service, has it had a service overhaul.

Many thanks.

Kind regards

Thank you for looking Michael.

The returns reference you need is SRS69308.

Please could I ask that this reference is mentioned on the paperwork you include with the device.

Please could I also ask for a certificate of decontamination to be included and that any batteries are removed if applicable.

The address to send the device to is as follows:

Viamed Ltd  
Service Team SRS69308  
15 Station Road  
Cross Hills  
Keighley  
West Yorkshire  
BD20 7DT

We recommend using a tracked service.

We will email you a quotation once the repairs team have assessed the device and we would not proceed until a purchase order is received.

Many thanks.

Good afternoon Kate,

That is the serial number stated on the back of the unit. I don't see any other number that could be a serial number on the device.

Thank you for your help.

Good afternoon Michael,

Thank you for your email.

We would be happy to service your device. I am unable to locate the serial number TE00000023 on our system. Do you have another s/n? Or perhaps it wasn't purchased from us - which is not a problem.

I can then advise you further.

Many thanks.
