Hi George

I am very well, thank you. I hope you are too.

We used to supply Delta Medical with the Microstim DB3, but we ceased manufacturing them a number of years ago. Since then, Delta has purchased a number of patient cables, but not for a few years.

We would be happy to supply you in order to support the end users still using the devices.

2520000 Microstim DB3 - Patient Lead = USD \$18.72 EXW

Aqib, i look forward to receiving your reply,

with kind regards,

*George Pastellas*

Hi George

Unfortunately there is no leaflet for the cables, as they are considered spare parts.

The cables are available from stock, so we can dispatch an order very quickly.

We are obligated to support the product with spares until June 2026, but I expect we will have parts available beyond that date.

Best regards

Ryan

dear Ryan,

i well received your email.

Please, provide me the brochure for cables for neurostimulator model **MICROSTIN D83** .

It is a prerequisite from the customer.

in addition, please, provide me an estimated delivery time for 14 pieces.

we need to inform the customer in advance.

Furthermore, If the customer asks us for service, can we provide them until June 2026 , right ?

i look forward to receiving your reply,

with kind regards,
