Please supply Che with a quotation for 2 x 0320452 plus carriage.

We have one in stock, so could part ship if required.

Hi Steve

The wall mounting brackets were for our Paediatric Dept, I think the SCBU or Neonatal Unit. This request is for the Adult Intensive Care Unit.

It would just be for REF: R100P26 x 2 brackets, The Adult ICU have oxygen blenders set up on a pole but 1 is missing a bracket. So just need to order 2 maximum 1 to replace and 1 spare.

Thank you.

Kind Regards

**Che Wickham**

Dear Che

If you can let me know how many you require we will be pleased to provide a quotation for 0320452 Maxtec Blender Pole/Rail Mounting Bracket

.

So, can I assume that you now wish to mount blenders to a pole or rail clamp instead of to the wall?

Regards

Steve
