Hi, please send them a proforma invoice, the R-22AEX is correct, I will reply. Please add a memo that the R-33S1 requires zero offset testing.

Thank you

Hi Damien

Yes, we now have them in stock. We are just testing them, but that should be done this week.

Best regards

Hi Damien

We supply our R-22AEX as a replacement for the 0-13, the price is GBP £42 and we have them available from stock.

Unfortunately we do not have stock of the R-33S1 sensors, we have a back order with the manufacturer which has been delayed. I am hoping that they will arrive in the next week, but I am unable to confirm this.

Best regards

Ryan

Hi Ryan,

Do you sell the O-13 Sensors also? If so do you have one in stock and how much are they? I might order 1 off them and 8 of my normal ones. If they are in stock and similar price to the others, can you please send me the quote including Shipping to Aus.
