Good afternoon Sean,

We have received your VM-2500-S s/n A1711160013 for calibration.

We would be happy to send this off site for the check, but need to inform you that this check costs £207.50 plus £12 carriage (back to you), plus VAT. When these units are calibrated, **faults can show and if that is the case, the cost of any repair would be extra.** In this instance that is why we have not prepared an official quotation due to the end cost not being known.

Are you happy for us to send the device off for calibration please?

Many thanks.

Kind regards

Kate Griffiths
