Feel free to ignore this. HL is ok for Consumeda to pay shipping difference later. Customer is happy to pay whatever, so order can go, but tomorrow is soon enough for me 😭

ive done this order and worked out how much the carriage on this should be just in case yo need the difference to add onto next order . its meant to be 23.58 euros . so take the 3.31 off and he still owes that ? x does that make sense 🤔
