Dear Kate Griffiths,
Thank you for your email.
Regarding the product I have confirmed for order, I noticed that the model referenced appears to be different from the one stated in my document.
To clarify, the model required is **MaxO2+AE (Model No. 0111261)**, not **MaxO2+A (Model No. 0111260)**.
Could you please help to check and verify this information again?
I look forward to your confirmation.
Kind regards,
Makara
