Hi Sophie,

Thanks for the update.

Please proceed with a part shipment of the three available MAXO2 ME Sensor Cables.

Regarding the remaining unit, we'd appreciate it if the additional £8 carriage charge could be waived. As per NHS Lothian procurement requirements, any changes to carriage costs must be agreed in advance, and in this case the delay is due to stock availability on your side, rather than a change in our order.

Once the final cable arrives, please send it on without applying the additional fee.

Thanks again, and let me know if you need anything further.

Kind regards,
William

You don't often get email from sophie.lines@viamed.co.uk. [Learn why this is important](#)

Good morning,

Thank you for your order SMP16231135.

Unfortunately, we currently only have 3 × 0131700 (MAXO2 ME Sensor Cable) in stock. We expect additional stock to arrive within approximately four weeks.

Please let us know if you are happy to wait and receive your order in full once the remaining item is available. Alternatively, if you would prefer a part shipment, we can dispatch the items currently in stock; however, the remaining sensor cable would incur an additional carriage charge of £8.00 when it arrives.

I look forward to hearing from you.

Kind regards,

Sophie Lines
