Hi Markus

I can confirm the R-22Vi is fully compatible with the OOM102 (it is the same sensor).

The R-22Vi is available from stock, the Nitric Oxide and Nitrogen Dioxide sensors have a lead time of approximately 3 weeks, we purchase these as we have orders for them to ensure you receive fresh sensors.

I'm sorry I don't have the cable your looking for.

Best regards
Ryan

Dear Markus

Thank you very much for taking the time to visit our stand at Medica, it was a pleasure to meet you.

Further to our discussion, please find some information relating to our O2 sensors & Flow sensors attached. As we discussed, we can also offer Nitric Oxide and Nitrogen Dioxide sensors for Nitric Oxide delivery systems.

[Nitric Oxide Sensors – Viamed Ltd](#)

[Nitrogen Dioxide Sensors – Viamed Ltd](#)

Please let me know which sensor models you require, or the equipment that requires sensors, and I will send over the distributor pricing for your reference.

I look forward to hearing from you and please never hesitate to contact me if you have any questions.

Kind regards
Ryan
