Good afternoon,

My name is Corinne, I am Stella's replacement.

I would like to know if the below approximative lead times are well confirmed by you.

Part number 0110511 oxygen sensor MOX20 MediceL **end of February 2026**
Part number 0110990 - carbon monoxide (CO) gas sensor A3MEF CiTiceL with mV output
end of February 2026
Is this ok ?

For the Part number 0110972 - nitric oxide (NO) gas sensor MNOLO CiTiceL , can you send them earlier than mid march because we are out of stock ?
or perhaps make a partial shipment, and if so how many items can be sent ? Will it be possible to add them to the shipment of end of February ?

Thanks a lot for your feedback about these parts.

Have a good day,
