Hi Kate,

Thank you for the quick reply.

I'm looking for Part number 0110452 (R140P02) , Max-550E with a standard 15mm I.D. flow diverter for use with MaxO2 ME oxygen monitors.

Please quote for unit price or for at least 5 (at this point I don't know the exact number /total requirement).

I couldn't find any expiry date on these sensors . what is the life expectancy of these sensors (in case not used for 1 or 2 years)?

Thank you.

Kind Regards,

George.
