Hi Ryan.

An update. Tim Clemens will bring me the sensors. Could you please send the R-33VAN to him directly?

Here below is his address:

Rock cottage, Ninebarrows Lane, Priddy. ba5 3bh.

Thanks a lot

PS. Dennis is getting married this weekend!

Hi Ryan,

Next weekend I will be in Stoneleigh. Could you please send R-33VAN sensor on Monday to Dennis. He knows one of the IANTD Instructors who is going for the Show and will bring all the sensors to me.

The Invoice will be paid by me off course.

His address is:

Dennis Vessey & Co

Fernery Lane

Barnetby

North Lincolnshire

England

DN38 6HN

phone +441652688904

Thanks in advance.

Hi Ryan,

I spoke with Denis and he confirmed that he will accept the shipment from you and then, along with the other CCR sensors I ordered from him, he will bring them at the GoDive Show.

So. we can proceed.

Best regards

Hi

Would Denis be happy to take the R-33VAN for you, if so I can post it to him?

Best regards

Ryan

Dear Ryan,

It is ok. I will ask Denis to bring the rebreather sensors.

But could you please arrange somehow the pickup of the one R-33 VAN sensor?

Best regards

Andrzej

Dear Andrzej

Unfortunately, we do not supply sensors for use in rebreathers; our sensors are designed solely for surface-use analysers.

Our sister company VST (Vandagraph Sensor Technologies) develops sensors on behalf of many of the rebreather manufacturers, but it is the rebreather manufacturers that are responsible for testing, accreditation and supply.

Dear Ryan,

Considering the procedures and time needed for customs clearance, the 20% VAT is not a problem.

Basically, I need one R-33 VAN sensor.

Potentially also sensors for Megalodon CCR rebreathers with Molex connectors (12 pcs), which I usually buy from Denis Vessey, but if I could buy them directly from you, I would also be happy to pick them up in Stonelegh.

Regards

Andrzej

Dear Andrzej

I am really sorry, we were supposed to be exhibiting, but we had to pull out as it clashed with some other events.

I would have really liked to have been there again this year and it would have been great to meet. I plan to be there next year.

I may be able to arrange to send some things to you there, but the problem remains that any products you purchase that are supplied in the UK are subject to UK VAT (20%).

Best regards

Ryan

Dear Ryan,

I hope this year will be at least as good as last year, although it would be nice if it were even better. 😊

I would like to know if Vandagraph will be present at the GoDive Show in Stoneleigh.

Since I will have an IANTD UK stand there, I thought it might be possible to make some purchases and pick them up there during the show. What do you think?
