Good afternoon Greg,

Thank you for your email.

Zoey works in another part of Viamed now (Accounts) so she would not deal with orders/stock or price queries.

The price of part number 0110017 - R-17MED is \$47.90 each EXW when purchasing up to 25 sensors.

These sensors are in stock.

Please let me know if you require a proforma invoice or any further assistance.

Kind regards

Hi Ryan

I need to order more temp probes, but first need to confirm your price of your R-17MED O2 cells.

I might have to order about 3, depending on price.

Hi Greg

I hope you are keeping well.

I am sorry for any confusion.

Viamed and Bluepoint have been collaborating on product development for some time, but the manufacturing is ultimately carried out by Bluepoint. We initially maintained separate technical files and CE certifications for the products, but this approach proved too costly and complex. As a result, the decision has been made to proceed with a single set of technical files and one manufacturer, Bluepoint Medical.

Please do not hesitate to contact me if you have any questions.

Best regards
Ryan

Good morning all.

The recent stock I received was in bluepoint boxes and part number are their's, 1010132011.

Your P/N was 021201 and in Viamed boxes.

So have this now changed permanently.

Will the temp probes be coming directly from bluepoint now?

If so, then I must probably change the P/N on our side, use the Ref no. 1010132011 when requesting for quotes and if I quote 0212011, it may create confusion.
