Dear Jenni,

Thank you for your email. Do you have any further information on the parts you require? Our system does not bring up a product under A50057 - however from Google, I think you may require a Flow Diverter for the R-17MED. Our part number for this would be **0120099 (Oxygen sensor flow diverter 15mm) and the price: $6.00 each**

Our part number for the **R-17MED Oxygen sensor is 0110017 and the price: $47.90 each**

For A268 - this model is NOT available within the EU if being used for medical applications, as it has no valid current CE certification. For a CE marked version, we can offer part number: **0120399 (`T` adapter. 22mm I.D. - 22mm O.D. PACK OF 5): $25.50 per pack of 5.**

Please let me know if you would like me to put together a quote for the above products if they are suitable for you?

Kind regards
