

# CONTRACT

For the supply of electricity to a Fixed Term, Fixed Price Site

- These contract details apply where 40% or more of the electricity consumption is for business purposes.
- The terms of British Gas Lite require the following conditions being met for the full duration of the contract. Nonadherence to these conditions could lead to the cancellation of the contract:
  - You will require a fully communicating smart meter upon your supply transferring to Lite. If you haven't got one, we will attempt to install one for you free of charge when you are on supply with Lite.
  - You will need to pay your bills monthly by variable direct debit. As such you will be covered by the direct debit guarantee.
  - You will need to manage your account through Lite's online account management system, supported by webchat.
  - You understand they don't have call centres.
  - If your business usage is between 40% and 99% you will need to complete a VAT declaration within your online account once you are on supply
  - From time to time, British Gas Lite may contact you about market related products that could be relevant or beneficial to you. You have a right to opt out and can do so at any time by contacting them on webchat.
- I confirm that the information I have given is correct and complete, including the VAT information (if applicable)
- Your legally binding contract and switch will only start when British Gas Lite process your registration details and they will confirm this by email with a personalised link to register online and choose your password which you will need to do in order to view your contract, smart data rights and download your bills
