Dear Raj,

Thank you for your order.

Unfortunately, we currently have only 40 sensors in stock. The lead time for the remaining 10 units is approximately 10–12 weeks.

Please could you let me know if you would like us to part-ship the order, with 40 sensors dispatched now and the remaining 10 units sent once available? Please note that both shipments would incur a carriage charge of £12 + VAT each.

Alternatively, you may wish to reduce your order quantity to 40 units. However, please be aware that the unit price would increase from £21.40 to £22.70 (plus VAT).

I look forward to hearing from you.

Kind regards
