Good afternoon Vishal,

Thank you for your email.

There are two options for the MAX-550E. I can see you have mentioned R140P02 - this is part number 0110452, this sensor is for use with MaxO2 ME oxygen monitors. It is supplied complete with a standard 15mm I.D. flow diverter. These are currently in stock, the price is \$118.20 each EXW.

Part number 0110410 - MAX-10 is a non stock item, the price is \$95.70 each EXW. You may be interested in our lower cost in stock equivalent, part number 0110040 - R-30V. The price is \$70.21 each when purchasing four sensors.

I will complete a proforma invoice tomorrow when the office re-opens.

Are the addresses correct as follows? Do you have a post code/zip code please?
