Hi Aqib

Thanks for your email.

Please may you quote me for the OOMLF103 for 3 or 5 units to evaluate, along with lead time.

Also if you could include in the quote the pricing for ~ 50/100 pcs quantity, just to know for future quantities.

Thanks and best wishes

Natasha

**Subject:** Re: Quote request: Oxygen Sensor OOMLF202-2

Hello

Good afternoon

Thank you for your email.

Thanks for your email.

So we are looking for a Honeywell EnviteC lead-free galvanic oxygen sensor.

We chose the OOMLF202-2 due to its connector type. But we can consider other models within the OOM series if they are available.

Please may you check if the OOMLF103 is still available? Or are there any lead free O2 models available in the OOM series?

Thanks and best wishes

Natasha

Hello

Good afternoon

I am sorry to advise there is no other similar replacement for this sensors.

Please advise if I can assist with anything else.

Kind Regards

Aqib Majeed
