Subject: Viamed Phototherapy Masks

To: Ryan Swaine <ryan.swaine@viamed.co.uk>

Dear Ryan,

I hope you and your loved ones are doing just fine. 😊

Please send me an invoice for your Maxtec EyeMax phototherapy mask, item number 1114016 (NeoMask Phototherapy Mask – Medium.

Occipital – frontal circumference 26-32 cm), in quantities of 5 packs (100 masks total).

Thank you so much in advance. 😊

Hi

Thank you very much for your reply.

Please find our distribution pricing attached. With regards to transport costs, please can you give me an indication of quantity?

Best regards

Ryan

Dear Oleksandr,

Maxtec EyeMax2TM Phototherapy Eye Masks and Viamed NeoMask Phototherapy Eye Masks

The soft, safe and secure solutions for eye protection during neonatal phototherapy

- Adjustable band for optimum comfort and a secure fit
- Easy to use design
- Ergonomically designed eye protection pads to reduce pressure and increase light protection

Both brands have been designed to assure optimum comfort and eye protection for neonates during phototherapy treatment. The single-piece, wrap-around design is secured at two points on either side of the neonate's head and can be independently adjusted to prevent unwanted movement and allows a comfortable and secure fit.

The large eye protection pad has been ergonomically designed to reduce pressure and increase light protection. The headband, however, allows blue light to penetrate, so that the head continues to receive phototherapy treatment.

Both brands offer three sizes as follows:

Part Number	Size	Occipital - Frontal Circumference	Pack Qty
1114005	Regular	32 – 38 cm	20
1114006	Premie	26 – 32 cm	20

1114007 Micro

20 – 26 cm

20

Please find attached product literature for both options; should you require a free of charge sample or further information, please do not hesitate to contact a member of our sales team on sales@viamed.co.uk

Yours sincerely
