Good afternoon Oleksandr,

Thank you for your order.

Please could I ask if the delivery address is as follows as we seem to have shipped to the UK for previous orders?

Dear Oleksandr

It is nice to hear from you. We are all very well, thank you. I hope you are too and I hope the situation there is improving.

One of my colleagues will be in contact very soon with a proforma invoice, please just let me know if you have any questions.

Kind regards
Ryan

Dear Oleksandr,

Maxtec EyeMax2TM Phototherapy Eye Masks and Viamed NeoMask Phototherapy Eye Masks

The soft, safe and secure solutions for eye protection during neonatal phototherapy

- Adjustable band for optimum comfort and a secure fit
- Easy to use design
- Ergonomically designed eye protection pads to reduce pressure and increase light protection

Both brands have been designed to assure optimum comfort and eye protection for neonates during phototherapy treatment. The single-piece, wrap-around design is secured at two points on either side of the neonate's head and can be independently adjusted to prevent unwanted movement and allows a comfortable and secure fit.

The large eye protection pad has been ergonomically designed to reduce pressure and increase light protection. The headband, however, allows blue light to penetrate, so that the head continues to receive phototherapy treatment.

Both brands offer three sizes as follows:

Part Number	Size	Occipital - Frontal Circumference	Pack Qty
1114005	Regular	32 – 38 cm	20
1114006	Premie	26 – 32 cm	20
1114007	Micro	20 – 26 cm	20

Please find attached product literature for both options; should you require a free of charge sample or further information, please do not hesitate to contact a member of our sales team on sales@viamed.co.uk

Yours sincerely
