Good morning Aaron,

Thank you for your email.

I am unable to add additional sensors for two of the devices you require as part numbers 0111249 and 0111248 (Handi units) are disposable after battery/sensor is depleted.

Regarding part number 0111275 - Oxygen analyser OxiQuant S, the sensor is part number 0110660 and the price is \$111 each. Would you like me to add this to the quotation?
