Hi Kate,

Yes, we decided to proceed with the medical version of Oxygen Analyzer (0111261) & Nitrogen Analyzer (0111247). As we have an older model of the Oxygen Analyzer currently in use and it has been working well.

Thank you for your consideration.

Regards,

Thank you for your email Aaron.

Just to clarify, the MaxO2+AE Industrial Oxygen analyser has part number 0111279. The *medical* version has part number 0111261. **Do you require the medical version please?**

Many thanks.

Kind regards
