Good morning Aqib,

i received the order but i had to discover, that the R-17A, you sent me, are dated L4/K4.

They are actually over one year old.

This is not good for me as i waited weeks for the delivery and i am reselling the sensors.

Any solution for this?

Even if you can not deliver this year i would like to already pay the invoice for this order.

So the proforma invoice would be ok.
