Dear Sophie,

Yes im still interested. My customer is hospital so they can buy only by public tender or public survey. They need to prepare documents and initiate a purchase. Also i need to wait for documentation usually takes 2-3 months. 90% we will order 50adult and 50 pediatric lines from you, but as I said I need to wait for customer confirmation.

Good afternoon,

Thank you for your reply. Please find attached your quotation for 10x 4420919 as requested, including delivery costs via our courier UPS. Please let me know if I have not listed an can amend accordingly.

I can confirm the price for part number 4420920 would be the same.

If you would like to proceed with this order, I have been advised a shorter estimated lead time of approximately 4-6 weeks - this would be from the date of payment.

If you have any questions, please do not hesitate to contact me.
