Dear Aqib,

Thank you for your prompt reply.

As I understood from your below email, you have one item in stock : R22 MEDV as you have its manufacturing date.

If MAX-3 is not available in stock, we can replace them by 3 R-30V as per below (if available in stock).*

Address and details are correct except for the Contact Tel . It is 009619235741 instead of 009679235741

If all Items are available in stock , please indicate best delivery date after receipt of transfer , and indicate as well manufacturing date of the R-30V Cells.

Thank you.

Code	Description	Qty	U/P	Total
110022	R-22MEDV	15	37.75	566.25
110040	R-30V	3	70	210.00
			Total	USD 776.25

Best Regards,

Ibrahim
