Hi, just to clarify. You require a quotation for:

2 x 0110023 - R-23v oxygen sensor.

Part number 4310009 (your item 43) is in **boxes of six**. Do you require 100 boxes of six, or 16 boxes (total pieces 96).

		ventilator		
43	Hamilton flow sensor	Compatible with Hamilton C1/C2 ventilator	100- adult 100- ped.	Pcs

I will not add part number 4310007 as this is not the item with the Y piece.

Kind regards

Kate Griffiths

Subject: Re: RFQ. PRCS Hospital - Hebron

Hi again,

Further to my last email, Ryan has informed me that the **Draeger flow sensor is likely to be the neonatal version that is sometimes supplied with a Y piece**, unfortunately we do not currently supply them.

Kind regards

Kate Griffiths

Good morning Mike,

Thank you for your email.

Your item 40: We can supply part number **0110023** - oxygen sensor R-23v in relation to the Fabius Plus at a price of \$43.75, **but I cannot see that this is suitable for use in the Savina 300/3000.**

Your item 41: In relation to the Drager flow sensor compatible with the Savina range, we can supply the flow sensor - part number **4310007** at \$120 each box of five. These are currently in stock. (Or did you not mean this as you mention a Y piece?)

Your item 42: We are unable to supply a flow sensor compatible with the HFO SLE 5000/6000 ventilator.

Your item 43: We have a flow sensor for the Hamilton Ci/C£ - it is part number **4310009** at a price of \$43.90 for a box of six. We currently have some in stock.

Please let me know if you require any further assistance.

Kind regards
