Hello

Good afternoon,

Thank you for adding to your quote.

Please see below for your attached quotation detailing the prices and product you require.

Can you please have a look and see if all details on the quote including addresses and are correct or if any amendments are required.

If your happy with it and would like to proceed, could you please make payment of the PI amount so we can convert it to a order.

I do need to advise you though we currently have a problem with sourcing one of the components to make up the V1000 device so at the moment there is a lead time of 6-8 weeks before any are ready for sale.

Please let me know if I can assist with anything else.

Kind Regards

Onderwerp: V1000 demand from the Netherlands

Good morning, I am reaching out from The Netherlands.

We are the exclusive distributor for Huntleigh Diagnostics.

They use your device for testing and we have a Partner in the Netherlands who considers supplying their tech team with these as well.

Would it be possible to give us a quote for 8 so we can make an offer to them?

Thanks and kind regards,

Bas
