Dear Kate,

I hope you are doing well.

Thank you for your message.

Regarding code 0012167, we understand that the price is €320 if the order quantity is 5 pieces.

Could we send a revised order with 5 pieces instead of 4 in order to achieve this price?

Please also note that we need those products labels because we have to replace the cases of pulse Oximeters with the specific S/N we mentioned before.

Please check the photo.

Best Regards,

Katerina Chiou

Good morning,

Further to your email to Sophie last week, the lead time for part number 0039028 Main PCB Assembly is approximately 10 days.

In the email to you, Sophie mentioned clarification of serial numbers, do you have any further information please?

Many thanks.

Kind regards

Kate Griffiths

Dear Sophie,

Thank you for your email.

Regarding part number 0039028, could you please let us know if you have a more accurate estimate for its availability and expected lead time?

We are happy to proceed with the replacement of part number 0039023 with part number 0012749 SMARTsat Sensor Connector (6 pin) - Standard Flex Connector Cable (57.9 mm), as suggested.

As for the clarification regarding the serial numbers mentioned in our previous email, we will provide you with further information by Monday.

Thank you in advance for your support.

Best Regards,

Dear Katerina,

Thank you for your order. I have processed this on our system and attached a copy of the order for your approval.

Unfortunately, we do not have the following part numbers in stock:

0039028 x4 - I will need to speak with a colleague regarding the expected lead time.

0039023 x20. However, we do have an alternative/identical available: **Part number 0012749 SMARTsat Sensor Connector (6 pin) - Standard Flex Connector Cable (57.9 mm)**. The price is the same. Please let me know if you are happy for me to amend your order to show 20x 0012749 instead?

Finally, Please can you provide some further clarification on what you require for the serial numbers you have mentioned in your email?

I look forward to hearing from you soon.

Kind regards
