Kate,

I would like to get just one and check full suitability. Please let me know how to make payment.

Thanks

Paul

Subject: Re: Maxtec MAX-250 Oxygen Sensor

Good afternoon Paul,

Thank you for your email.

The price breaks for part number 0110546 - KE-25F3LF are as follows:

1 = £ 56.40	2 = £ 53.60 each	3 - 10 = £ 50.80 each	11 or more = £ 48.00 each
-------------	------------------	-----------------------	---------------------------

Carriage is free for medical oxygen sensors and all prices are excluding VAT.

This is a non stock sensor. I estimate a 3-4 week lead time.

Kind regards

Kate Griffiths

Subject: Re: Maxtec MAX-250 Oxygen Sensor

Good morning Paul,

Thank you for your reply.

I have checked with our commercial director and am pleased to say that part number 0110425 - oxygen sensor MAX-250 with O ring is 0 -100%, so would also work 0 - 30%.

We can also supply the Maxell sensor part number 0110546 KE-25F3LF which is 0 - 30%. It has flying leads, but doesn't have a connector fitted. It is also the latest lead-free variant. This is a non stock sensor.

Please let me know if I can be of any further assistance.

If you would like to purchase one sensor (0110425) , then our website could be an option for you. **To take advantage of quantity discounts**, I could issue a proforma invoice.

Kind regards

Kate,

Thanks for the quick response, I think I would require the unit with the O-ring.

Is there an equivalent with the O2 range 0-30%?

Thanks

Paul

Hi again Paul,

Please could I also mention that the part number you gave is for the sensor **without the O ring**. The part number for the sensor **with** the O ring is 0110425 which is in stock.

The prices are the same for both sensors.

Kind regards

On Thu, 4 Jun 2026 at 16:06, Kate Griffiths <kate.griffiths@viamed.co.uk> wrote:

Good afternoon Paul,

Thank you for your enquiry.

We do not have part number 0110428 - oxygen sensor MAX-250 in stock at the moment.

The lead time is approximately 6-8 weeks. Though we aim for a shorter lead time.

I will show the price breaks as follows, in case you need more than one.

1 = £ 73.60	2 = £ 71.70 each	3 - 10 = £ 69.90 each	11 or more = £ 66.20 each
-------------	------------------	-----------------------	---------------------------

The sensor output is 10.0 - 15.5 mV. Please see attached technical specification.

Please let me know if you require any further assistance.

Kind regards

Good afternoon,

I am looking for a MAX250 oxygen sensor. Do you have Maxtec MAX-250 Oxygen Sensor, Part Number: 0110428 in stock, and what O2 range is this part rated for.

Best regards

Paul Augood
