RE: SRS69444

Please find enclosed 3 x O2 sensors R-17A-LVG that have failed.

After mailing Kate, response below:

Thank you for your email.

The warranty period for part number 0110157 - oxygen sensor - Automotive R-17A-LVG is 15 months from date of invoice.

From the serial numbers I can see the following:

V102251 .The warranty expires on November 14th 2026.
V102144. The warranty expires on August 21st 2026.
V102439. The warranty expires on April 8th 2027.

As these are all under warranty, please would you return them to us and we can assess and replace them?

Could you please asses, advise / replace accordingly.

Many thanks !
