Hi Ryan,

Yes please, If we can do the calibration and a sensor for each.

Could we also have a flow diverter for each as well? [Flow Diverter \(9711000\) – Vandagraph](#)

Thanks!

Hi Todd

The calibration (with certificate) is £45 each device.

If you want to replace the sensor, that would be an additional £38 each.

Please let me know if you decide to proceed and I will set up a repair file for you.

Kind regards
Ryan
