Hello Ryan,
I received the item and wanted to thank you for your help. Unfortunately, it was not the right one so, here is a photo of the defective item.

I did some image search and here is a conclusion

“ The correct item appears to be:
Teledyne Analytical Instruments UFO-130-2 Ultra Fast Oxygen Sensor
Also listed as: UFO 130-2 / UFO-130-2G / C-73894 / C73894-2G
Possible cross-reference: Viamed 0110081 and Spacelabs [010-1120-01](#).”

I am hoping you can help me still

Thank you

Dear Mohamed

I have been passed your email address from Teledyne in the US. We are based in the UK and we are responsible for the sales and service of Teledyne's range of sensors for the medical and automotive industries.

I understand that you are wanting to place an order for Teledyne sensor/s and that you are acting as a reseller. Please can you let me know which item/s you require so I can offer you a quotation and if it is acceptable, please provide us with your complete billing and delivery details so we can send you a proforma invoice.

I look forward to your reply.

Kind regards

Ryan
