

Tungsten Global emailed. Looks like the R-17Med was not what he requires, now 0110081. I am happy to put a proforma on, but I hesitate as it would need something like this I imagine. I will reply that I am waiting upon your return (Thursday is it?). Hope that is ok (don't know if he would return the R-17MED)

Hi Kate, please let him know he can return the r-17 if it is unopened, we will then credit it. Treat the ufo as a new order
