Good morning Franz,

Thank you for your email.

I am pleased to say that the price remains the same - €76.30 each EXW for part number 0110420 - MAX-14 (Fluke version).

Unfortunately, we are unable to offer a better price.

Please let me know if you require an official quotation or proforma invoice.

We are expecting more stock in July, but of course stock levels vary every day.

Kind regards

Dear Kate,

I hope you are well and that you are having a good week.

With reference to your quotation from January for the Maxtec Oxygen Sensor MAX-14 (Fluke), I would like to enquire whether the prices quoted are still valid. Furthermore, we are currently planning to purchase 50 units.

Could you let me know if a price reduction might be possible for a quantity of this size? Thank you very much in advance for your time and assistance.

Kindest regards

Good afternoon Franz,

Thank you for your enquiry,

Please accept my reply on behalf of Sophie.

We can supply part number **0110429 as an equivalent to the CAG-250E Sensor**. The price is €57.30 each EXW. These are currently in stock.

Regarding the other query, our export manager believes the sensor in the picture to be a Maxtec sensor. If you could take a picture of the connector type we could assist you further.

Many thanks.
