Good morning Lee,

Thank you for your reply.

We believe that part number 0110705 MLF-19 can be used. **The 0110705 does not include the GE design flow diverter (adapter and O ring). You would need to retain and reuse the GE flow diverter which fits the 0110705.**

I will email a quotation later this morning.

Kind regards

Good morning Kate,

Thank you for your reply. Ellie is on annual leave for a couple of weeks so I will be dealing with this enquiry.

The machines we need the O2 sensors for are the GE Carestation 650. If the part 0110705 - MLF-19 is compatible could we have a quote for 4 items please.

Kind regards

Good afternoon Ellie,

Thank you for your email.

We are unable to supply the MLF-19GE. We can supply part number 0110705 - MLF-19.

I have attached a specification sheet. If you would like to let me know which device it would be used in, I could check our cross reference again.

Kind regards
