To: ryan.swaine@viamed.co.uk <ryan.swaine@viamed.co.uk>

Dear Ryan,

Thank you for your email. We have reviewed your offer with our General Manager, Mr. Gaham, and we find your pricing very interesting. Since these sensors are manufactured by Honeywell, we are highly motivated to build a long-term partnership with Viamed for the Algerian market.

To move forward with our first trial order, we would like to request an official Proforma Invoice. As a starting volume, please include **40 units for each of the 6 oxygen sensor models** we discussed.

Additionally, regarding the **Free Sale Certificate (FSC)**, our bank and import regulations do not allow us to pay for documentation separately. Therefore, **please include the \$100 USD certificate cost directly inside the total of the Proforma Invoice**, so it is fully integrated into the commercial invoice value.

Could you also please provide us with the distributor pricing and availability for your **flow sensors**? We are looking for the following part numbers:

- **Part No. 4310001**
- **Part No. 4310003**

Finally, before we finalize the documents, could you please let us know:

1. Have you already supplied these products to the Algerian market before?
2. Do you currently have an exclusive representative or distributor in Algeria?

Please issue the Proforma Invoice on **EXW** terms, and kindly share the estimated total weight and dimensions so we can arrange the transport with our forwarder.

Thank you for your excellent support, Ryan. We look forward to receiving your Proforma.

Best regards

Objet : Re: Subject: Reactivating Collaboration: Price Request & Certificates for Oxygen Sensors / SARL REAMED

Dear Asma Hattabi

Thank you very much for your email.

Please find our compatible model and distributor pricing for each model below (USD, EXW)

M02 Oxygen Sensor

0110023 Oxygen sensor R-23V = \$43.75

M03 Oxygen Sensor

0110018 Oxygen sensor R-17V = \$32.50

M04 Oxygen Sensor

0110049 Oxygen sensor R-49V = 37.75

M10 Oxygen Sensor

0110040 Oxygen sensor R-30V = \$70

M15 Oxygen Sensor

0110019 Oxygen sensor R-17Vi = \$32.50

M16 Oxygen Sensor

0110045 Oxygen sensor R-45V = \$40

The above listed sensors are manufactured for Viamed by Honeywell, please find their CE and ISO13485 certificate attached.

A free sale certificate can be supplied, but there would be a cost of approximately \$100.

I look forward to hearing from you and please do not hesitate to contact me if you have any questions.

Kind regards

Ryan

Dear Viamed Team,

I hope this email finds you well.

Please accept our apologies for the long silence in our exchanges over the past year. Due to some temporary internal health leaves within our import department and market adjustments, we had to pause our procurement operations during that period.

We are pleased to inform you that we are now fully restructuring our planning and are very keen to reactivate our business collaboration with **Viamed**.

To prepare our upcoming import and compliance files for the Algerian market, could you please provide us with the current **pricing (FOB/EXW) and availability** for the following oxygen sensor models:

- **M02** Oxygen Sensor
- **M03** Oxygen Sensor
- **M04** Oxygen Sensor
- **M10** Oxygen Sensor
- **M15** Oxygen Sensor
- **M16** Oxygen Sensor

Additionally, as these are mandatory for our local registration file with the Ministry, could you please share the updated copies of your product **certificates (CE, ISO 13485, and Free Sale Certificate)**?

We look forward to your feedback and to restarting our partnership on a strong note.

Best regards
