Good afternoon Ina,

Thank you for your email.

I am sorry to advise that this product has now been discontinued by Honeywell Medical and is no longer available to purchase.

We appreciate this will be disappointing news, especially for customers who have been using the MySign O for some time. Honeywell have advised that the decision was made due to spiralling costs and availability issues with some of the components required to manufacture the device. Unfortunately, this has made continued production no longer viable.

An alternative is part number 0111263 - MaxO2 ME oxygen monitor. Please see leaflet attached. The price is €521.60 each EXW. This monitor is currently in stock.

Please let me know if I can be of any further assistance.

Kind regards

Kate Griffiths

Hi Kate,

our customer added some more information, they need following parts for the 2 monitors as well:

2x Monitor

2x Connection cable for the O2 sensor

2x Power supply with connection cable

2x Adapter onto which the sensor is screwed, including the oxygen tube

And one more OOM111 oxygen sensor

This is all visible in his pictures I sent you before. Are you able to quote for everything?

Thank you and have a happy Monday.

Kind regards,

Ina Lichtenberg

Good morning Kate,

Are you able to procure attached monitor? Our customer was giving me these pictures and specifications:

MySignO (817498)

If you can offer this one or the successor, please kindly send me a quote of 2 of them with shipping to Germany and lead time.

Thank you so much for your time and have a happy Monday.

Kind regards,

Good Afternoon,

Our Acc.# with you: 00006336

We would like to have a quote for the Envitec MySign O2 Monitor, item# 0111276.

If you happen to have a full price list, that would be great as well.

Thank you!
