Hi, please can set them up as a USD distributor and provide them with a proforma invoice:

1x 0110047 Oxygen Sensor R-47V = USD \$69 each EXW

Thank you, Ryan

Dear Ryan,

Thank you for your response.

I confirm the Billing and delivery address is same in the Signature.

You can proceed with one sample Piece and we will evaluate this with our device.

Thanks and Regards

Dear Sirs

Thank you very much for your email.

I have attached our specifications for the R-47V, it is the same sensor as the OOM204 and is produced by Honeywell (formally Envitec), it only has a different label.

0110047 Oxygen Sensor R-47V = USD \$69 each EXW

If you are happy to proceed with with an order or a sample, please can you confirm if the details in your signature strip are both the billing and delivery address?

Please let us know if you need any further information.

Kind regards

Ryan

Dear Sir,

Greetings from Medtrack Medical.

With reference to the discussion between my colleague, Mr. Abbas, and yourself last week regarding the oxygen sensor, we have a requirement for an oxygen sensor for the Fabian HFO ventilator. We are currently using the **EnviteC OOM204** oxygen sensor.

Kindly share the specifications and pricing of your equivalent oxygen sensor, along with your complete product brochure.

Initially, we would like to evaluate one sample sensor by testing it with our Fabian HFO ventilator. If the sensor performs satisfactorily and meets our requirements, we would be interested in establishing a long-term partnership and using your oxygen sensors for our customers across India.

We look forward to your response.

Thank you.

Best regards,
