Hi Beth

No problem, just to clarify, you only need 4x R-22VAN?

Kind regards

Ryan

Hi Ryan,

Ah yes, thank you for flagging that up.

Could I please remove both the R-22DEM and the R-33S1 sensors from this order?

We had a load of these that didn't sell and John had to get rid of them, so I don't think he'd like me very much if I ordered more in straight away!

So we only need the x4 R-22DEM.

Thanks again for checking and I hope you have a nice weekend! 😊

Kind Regards,

Beth

Hi Beth

Thank you very much. I am definitely looking forward to the weekend, and I hope you have a good one too.

Thank you for your order. Before we process it, I just wanted to check a detail regarding the R-22DEM. We now sell very few of these units (only four this year), as they were specifically designed for the original Analox O2EII from over 20 years ago. That model was only in service for a few years before the PCB and sensor design were updated to suit the R-33DE type.

Could you please confirm that you do require 4 x R-22DEM units?

Please also note that we would need approximately one week to assemble these, as we do not currently hold them in stock.

I look forward to your reply.

Kind regards  
Ryan
