Hi Aayush

Thank you for your call.

Please find a proforma invoice attached for the 2x Analox O2EII Pro compatible sensors. We have them available from stock and I checked with our warehouse, there is another batch ready tomorrow so there are no delays in supply.

I have applied our trade prices and attached our trade price list and some product information for your perusal. Unfortunately we have to legally add UK tax (20%), as the delivery will be made inside of the UK.

If you are happy to proceed with the order, then you can make a payment to the bank details at the bottom of the invoice, but because of the timing issue I would suggest you pay by Visa or Mastercard credit/debit card if possible.

If you wish pay by card then I can do this over the phone with you, I will need the following information:

- Name as it appears on the card
- Address including post/zip code that the card is registered to
- 16 digit card number
- Expiry date
- CVV - last 3 numbers on the back of the card

I look forward to hearing from you and please let me know if you have any questions or concerns.

Kind regards
Ryan
