Dear Aqib,

I tried the second sensor Serial No: 322153L5 and it also did not work.

So now I have an urgent need for a replacement for these sensors,

Kindly dispatch 2 pcs because the unit is out of order now.

Best regards,

Dear Aqib,

Thanks for your prompt reply and support.

I do not keep these UFO sensors on stock instead I schedule the replacement in order to get a fresh delivery.

These 2 sensors are 7 months old.

I will check the second one tomorrow and inform accordingly.

Hello

Good afternoon,

I am very sorry to hear about the faulty sensor you received.

If you can check the second one and let me know the result for that, if that is also not calibrating then I will send you a SRS number for you to return them and we replace them if under warranty.

Sorry once again for the issues you are experiencing.

Kind Regards

Hi Aqib,

We received the sensors last week,

Today, I installed one of the 2 received UFO130-2 Analytical Industries Ultra Fast O2 sensors, Serial No 322156L5

This sensor did not pass the calibration at all!

The old sensor is still passing the calibration but the values are on the edge.

Note that the production date is on December 2025 as per attached picture.

We have waited more than 6 weeks to get these 2 sensors.

I will try the second one tomorrow and let you know the result.

In this case we need a replacement as soon as possible with a fresh stock.
