Hi Ryan

You are absolutely right!!! Sorry we do need the newer version.

Thanks so much for spotting that 😊

Kind regards
Jo

Hi Jo

Thank you very much for your order. Before we process it, I just wanted to check a detail regarding the R-22DEM. We now sell very few of these units (only four this year), as they were specifically designed for the original Analox O2EI from over 20 years ago. That model was only in service for a few years before the PCB and sensor design were updated to suit the R-33DE type.

Could you please confirm if you require 2 x R-22DEM units or if you wish to change them to the R-33DE? Please also note that we would need approximately one week to assemble R-22DEM, as we do not currently hold them in stock.

I look forward to your reply.

Kind regards
Ryan
