

VIA MED

# Bluepoint Versastream

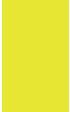

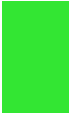

Gas Sampling lines for use with Sidestream Gas Exchange  
Monitoring Devices,

Class I/IIa

Carried out by Derek Lamb  
27 / 10 / 17

VIAMED Stock Meeting - Opera Partnumber / Prices Updates

**4400070 and 4400080**

Issue ID #89347

Date Created 15/Feb/2017

Issued To: Steve Nixon

Completed Status: Still Outstanding

---

Notes:

Added by Jonathan Connor sent to Steve Nixon  
Buy price is 40.50 Euro

Distributor sell price is  
£25.08  
€29.50  
\$39.83

---

16 Feb 2017 Steve Nixon  
Where have the distributor prices come from?

Opera description is very basic, I can't remember adding these numbers. Are we calling this rev.1 ?

If you type in 44000 you will see what I mean.

---

17 Feb 2017 Jonathan Connor  
Yeah there are quite a few. Assume Rev 0 is original, rev 1 the silver connector unit and rev 2 the latest.

I think we can only get the latest case version now. If this is correct can we re-name this one rev 2 and add or amend one to be rev 2 back panel. The front will work on all the versions

No idea where any of the prices come from, the ones we have done we should be ok, we have only ended up using the back part of the case, so the fronts can be put back into stock.

---

24 Feb 2017 Jonathan Connor

---

06 Jun 2017 Jonathan Connor 4400052 Mainstream lower case assembly with battery PCB  
4400042 Sidestream lower case assembly with battery PCB

Please can you add prices for the above items? I don't have any details on the buy price

---

30 Jun 2017 Jonathan Connor

---

10 Aug 2017 Steve Nixon

We need to check what Bluepoint deliver to us, as they have the same price for a complete case and for just the lower case (with battery PCB). Or is the difference that the complete case does not include the battery PCB? When you get back we should physically check the stock. We might need a separate part number for rev.2 lower case, without battery PCB?

4400010 Upper case - S  
4400020 Upper case - M  
4400030 Upper case - MG  
4400040 Lower case - S - rev.0  
4400041 Lower case - S - rev.1  
4400042 Lower case - S - rev.2 with batt PCB  
4400050 Lower case - M - rev.0  
4400051 Lower case - M - rev.1  
4400052 Lower case - M - rev.2 with batt PCB  
4400070 Complete case - S - rev.2

4400080 Complete case - M - rev.2  
4400090 Complete case - MG - rev.2

Web Site Updates - Web Site Updates

**4420972 incorrect image**

Issue ID #102560

Date Created 08/Sep/2017

Issued To: Catrin Hird

Completed Status: 03 Oct 2017

---

Notes:

Added by Steve Hardaker sent to Catrin Hird

The bottom image shows the adult airway adapter sampling line when it should be the infant/neonatal with low dead space:

<http://www.viamed.co.uk/uk/?uid=&sessionid=&g=&i=2&page=productview&cat=445&subcat=495&productid=4420972>

---

08 Sep 2017 Steve Hardaker

Correction: its the 2nd image down that shows a close up of the airway adapter.

Same mistake appears on the following pages:

- 4420974 Respironics long-term
- 4420874 LLM long-term
- 4420822 Viamed short-term
- 4420824 Viamed long-term

---

08 Sep 2017 Catrin Hird

Without checking I can not be 100% positive but I do not believe we have that image which is why we have used the other. I'll check on Monday

---

11 Sep 2017 Catrin Hird

I have emailed Heidi to request the image as we do not have the same style image in our stocks.

---

03 Oct 2017 Catrin Hird

Unfortunately, they have been unable to give me an image in the same style as the adult but I have now amended the picture as requested.

---

03 Oct 2017 Steve Hardaker Thanks but you have only done the first one, please can you also look at the other 4 listed on the update.

---

03 Oct 2017 Catrin Hird

My apologies done

---

03 Oct 2017 Steve Hardaker

BS EN ISO 13485:2003 - Document Control Amendments needed

**Document Update Request (14916) Versastream Instructions for Use User Manual VIA\_c**

Issue ID #90575

Date Created 07/Mar/2017

Issued To: Steve Nixon

Completed Status: Still Outstanding

---

**Notes:**

Copy Issue Main Issue #90574

Added by Steve Hardaker sent to Derek Lamb

Controlled Document (14916) Versastream Instructions for Use User Manual VIA\_connector Requires Updating

There is no indication in the instructions of the patient age/weight range to define whether to use Adult/Paediatric or Infant airway adapter sampling lines. This affects the following products:

4420821 - VersaStream Viamed CO2 Sampling Line with Airway Adapter, Adult/Paediatric Short-term, Box of 25

4420822 - VersaStream Viamed CO2 Sampling Line with Airway Adapter, Infant (ID < 4.0mm) Short-term, Box of 25

4420823 - VersaStream Viamed CO2 Sampling Line with Airway Adapter, Adult/Paediatric Long-term, Box of 25

4420824 - VersaStream Viamed CO2 Sampling Line with Airway Adapter, Infant (ID < 4.0mm) Long-term, Box of 25

Neither is it specified on the VersaStream product literature or the VM-2500-S operator's Manual (there is still no mention of VersaStream at all in that manual, which also needs addressing).

As incorrect selection may have clinical consequences, this needs to be looked at urgently.

VIAMED Stock Meeting - Purchase Order Requirements

**Order 4420829**

Issue ID #83466

Date Created 14/Nov/2016

Issued To: Jonathan Connor

Completed Status: 26 Nov 2016

---

Notes:

Added by Steve Nixon sent to Jonathan Connor

Can you please order some 4420829 from Bluepoint. We need to have some and need to push to get a firm transfer price to us. Try for say 10 boxes and see what the reaction is. Please let me know when they come back with a price.

---

17 Nov 2016 Jonathan Connor

Ordered, waiting on confirmation from bpm for price

---

18 Nov 2016 Steve Nixon

Rayk supplied the price:

4420829 EUR 100.00

---

24 Nov 2016 Jonathan Connor

thanks

Please scan to Sale or Returns Location ID34132 Stock Reference:

For a demo, leaving it on SOR. Required by end of Tuesday 23/2/17:

1x 4410520 VM-2500-S with standard adult sensor.

They want to trial the Nomo system (its for homecare on a single patient) but I also want them to look at the long-term VersaStream, so please also scan:

5x 4420532 Sidestream airway adapter (single p/n of 4420531).

5x 4420551 Sampling line (single p/n of 4420550).

1x 4421023 VersaStream airway adapter sampling line 72h (single p/n of 4420823).

By the way, does the 1-piece 4420552 Disposable Airway Adapter Sampling Line (as a 1-piece alternative to separate sampling line and airway adapter) actually exist? It's still live in stock.

VIAMED Stock Meeting - Purchase Order Requirements

**Respironics VersaStream stock required**

Issue ID #70153

Date Created 19/Apr/2016

Issued To: Jonathan Connor

Completed Status: 26 Apr 2016

---

Notes:

Added by Steve Hardaker sent to Jonathan Connor

I have a customer that wants to see Respironics VersaStream samples for evaluation. I need the following types, ideally in long-term variants if we are discontinuing the short-term ones. We have no stock of any of these either as samples or boxes:

4421157 - single samples of 4420957

Respironics adult nasal cannula with O2, long-term.

4421176 - single samples of 4420976

Respironics sampling line with LLM, long term.

4421173 - single samples of 4420973

Respironics airway adapter sampling line, adult, long-term .

---

19 Apr 2016 Steve HardakerIn order to get a trial started, please can you scan to Sale or Return the following short-term versions.

You will need to break down a box of each to get samples, which I imagine wont be a problem if we are moving to long-term ones as standard. If you are in any doubt, check with Steve N if this is OK:

2x 4421175 - single samples of 4420975

Respironics sampling line, LLM, short-term.

2x 4421171 - single samples of 4420971

Respironics airway adapter sampling line, adult, short-term.

Thanks.

12 Jun 2017 Viamed Versastream 1pp Selection Guide including patient weight and connectors 2017-06

---

**Notes:**

Added by Steve Nixon sent to Catrin Hird

For discussion, we need to add extra info to the VersaStream leaflets and selection guides concerning patient weight and sizes of the airway adapter.

4420821, 4420823, 4420827, 4420871, 4420873, 4420921, 4420923, 4420925, 4420971, 4420973

Specified for use with patients that exceed 10 kg. This sampling line is for use with adult/paediatric patients and the airway adapter has connections: 15mm O.D. to 15mm I.D./22mm O.D.

4420822, 4420824, 4420828, 4420872, 4420874, 4420922, 4420924, 4420926, 4420972, 4420974

Specified for use with patients that are less than 10 kg. This sampling line is for use with infant patients and the airway adapter has connections: 15mm O.D. to 4mm I.D./15mm I.D.

Perhaps a close up pic of the connection would help, especially with the 4mm I.D./15mm I.D.

NOTE: the governing size is the 4mm I.D. but it can be connected to 15mm I.D. patient circuits. However, the flow/volume will be restricted by the internal bore size limit of 4mm.

4420972 Respironics S/T Airway adapter INF

---

12 Jun 2017 Catrin Hird

Please find attached example of what could do regarding the patient weights and the connections. We will have issue with space due to the amount of information on the single page. Will utilise this key for the other types if you're happy.

\*\*\*

I am unsure what you would like me to do with this text as I do not fully understand the meaning...

\*\*\*

NOTE: the governing size is the 4mm I.D. but it can be connected to 15mm I.D. patient circuits. However, the flow/volume will be restricted by the internal bore size limit of 4mm.

15 Nov 2016 Catrin Hird

Next Action Changed From Catrin Hird To Katie Evans Updated Opera.

Katie - please can you check I have updated all correctly, hard copy provided.

Steve - part number 4420976 EUR distributor is stating a £ price and I don't think its correct even if i amend the symbol - please claify.

Thanks

---

15 Nov 2016 Katie Evans

VIAMED Sales And Marketing - Sales  
**VersaStream Viamed pricing November 2016**  
Issue ID #83483  
Date Created 14/Nov/2016  
Issued To: Steve Hardaker  
Completed Status: 15 Nov 2016

---

Notes:

Copy Issue Main Issue #83470

Added by Steve Nixon sent to Catrin Hird

I have given new prices to Catrin, so as to update Opera and generate new price lists. The distributor prices are more attractively priced.

NOTE: Now we just have one-off prices for both list and distributors, no quantity discounts anymore.

Please review the latest leaflet and make yourselves familiar with the latest additions:

4420825 CO2 LLM-S-VIA-200

4420826 CO2 LLM-L-VIA-200

4420827 CO2/AA A22-LA-VIA-200

4420828 CO2/AA A4.0-LA-VIA-200

4420829 CO2/AA LLM-LA-VIA-200

Apart from 4420826 they are our instigated design variants and to date Bluepoint Medical are not marketing them. For some reason they are also not openly promoting the 4420531 airway adapter.

If any queries, please ask.

VIAMED Stock Meeting - Purchase Order Requirements

**VersaStream Viamed stock to order**

Issue ID #91955

Date Created 31/Mar/2017

Issued To: Jonathan Connor

Completed Status: 11 Apr 2017

---

Notes:

Added by Steve Nixon sent to Jonathan Connor  
Can you please order the following for stock.

10 x 4420813  
30 x 4420821  
10 x 4420823  
10 x 4420826  
10 x 4420827  
10 x 4420828

FYI Bluepoint supply the following in with each new unit, we will follow suit soon.

1 x 4420821  
1 x 4420823  
1 x 4420826

Might be an idea for us to supply 1 box per customers` requirement (to stimulate future sales), will discuss later.

---

05 Apr 2017 Jonathan Connor  
Ordered, thanks

VIAMED Sales And Marketing - Sales Viamed Medical UK

**VM-2500-S sales lead - Suffolk CH**

Issue ID #101024

Date Created 18/Aug/2017

Issued To: Steve Hardaker

Completed Status: 06 Oct 2017

---

**Notes:**

Added by Steve Nixon sent to Steve Hardaker  
julie.stone@suffolkch.nhs.uk

FYI, copy of email sent to Julie Stone at the Children`s Community Nursing Team. I have tried to follow up by phone and have left messages. Will address again next week.

Dear Julie

Please accept my apologies for the delay in getting back to you. The following is with reference to the discussion yesterday morning with Jo Rackham:

We can supply a VM-2500-S sidestream capnograph for you to evaluate on a 'sale or return' basis, this unit monitors both CO2 and SpO2. I suggest that we also supply some VersaStream long-term one-piece airway adapter sampling lines, these will be more convenient and easier for the parents to use and change. How old is the patient, we can either supply adult/paediatric (4420823) or the Infant (4420824) version? The sampling lines have built in airway adapter, bacterial filter and moisture removal. So a big benefit is that there is no water trap to maintain or replace.

Also, which is the preferred site for the pulse oximetry monitoring, the finger or toes? Please see the attached leaflets showing sensor types: finger clip, silicone finger sensors, wrap sensor or disposable sensors.

Would you require an extension cable for the pulse oximetry sensor, we have two lengths: 1.2m or 2.4m.

How would the unit be used in the home care environment; would you need a pole mount or perhaps should we supply in a rubber boot (orange) with built in stand? See 4420615 protective rubber boot, which is shown on the rear page of the leaflet for the VM-2500 Series.

To provide ease of use and flexibility, the unit can be powered by three different ways and we will supply all three options for you to evaluate:

- a)Standard AA batteries.
- b)Rechargeable battery.
- c)Mains power pack.

Can you please let me know the delivery address to which we should send the unit, should we mark it for your attention?

---

22 Aug 2017 Steve Nixon

Julie returned my call this morning. They said that they have already processed an order and we should have received it.

Order processed via MedEquip (Ipswich/Suffolk).

Discussed sensors, I suggested a wrap sensor. Sounds like they have already ordered a pack of

VersaStream lines with airway adapter.

If any queries the, clinical contact is Sara Carnell - Complex Care Lead - Children's Community Nursing Team

sara.carnell@suffolkch.nhs.uk

Tel. 01473 275320

Suggest we include future contact details for serving, she asked if she should send back to us after say 2 years.

Also suggest we discuss the accessories to supply.

There is a quote on Opera  
A/C 00000835  
West Suffolk Hospital  
QUO04907

This looks like it is related. Need to change the SpO2 sensor.

---

22 Aug 2017 Steve Hardaker

This is related to West Suffolk Hospital, I spoke to Julie Stone from Suffolk Community Healthcare in January (see Goldmine) and raised a quotation for West Suffolk Hospital.

MedEquip4Kids are a charity that purchases equipment for paediatric use (we have previously supplied items to them) so it is clear that Julie has successfully obtained charitable funding.

As SN suggested, the wrap sensor is the most appropriate so we need to advise them accordingly when the order comes in. At the time of raising the quotation, no mention was made of the patient age but I did advise that they can swap for any reusable sensor.

SN also suggested an orange rubber boot 4420615 FOC.

---

23 Aug 2017 Steve Hardaker

Emailed Julie Stone and Sara Carnell with a copy of the Operators Manual and some training information and to advise that the item is offered at this price as supply-only and does not include on-site training.

As they are only purchasing 1 unit and are a 400 mile round trip away, I advised that on-site visits would incur travelling expenses of £765.00 for 7.5h travelling and 1h on-site and that they should consider this before purchase.

---

25 Sep 2017 Steve Hardaker

Urgent Flag Changed To Off Purchase order received 25/9/17. Agreed to supply with 0014835 wrap sensor, also offered the rubber boot FOC as agreed previously by SN, along with a box of 0014890 Viamed foam wraps.

I have deleted QUO04907 for West Suffolk Hospital Community Nursing as this is for them.

Note: this is not MedEquip4Kids as I previously guessed, I made contact and determined that its company also called Medequip, full name Medequip Assistive Technology Ltd.

I have set them up as a UK end-user for now, will discuss distribution at a later time if they want to go down that route. First order is to be by proforma.

As far as the system shows, no Sale Or Return unit was ever sent. So this can be completed off unless you have any other info or loose ends to tie up.
