QC 25

Project: Tom Thumb – Job No: 9331111 - 1993
--

Progress:

During 1993 the prototype was submitted to Therapy Equipment, and pre-production models were manufactured.

Supplied to Hospital in late 1993 for test
--

The Tom Thumb was further developed from 1993 to 1997 to add improvements:

In July 1996 The Tom Thumb name was registered.

In 1995 Drager requested the Tom Thumb and Tom Thumb derivatives

In December 1996 submitted drawings of the TT490 and its derivatives. Promised to start their own clinical trials.
