

# VIAMED

# Oxygen Monitoring

Part Number: 0191301

Specifications Subject to Change. Specification applicable at standard conditions. OEM application details are provided in good faith without responsibility. Images are not to scale. All trademarks and trade names referenced in this material are the property of their respective owners.

|                                                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                                                        |
