See attached and below:

Dear UPS Customer

I would like to inform you that the General Administration of Customs of the People's Republic of China (GACC) has issued Order No. 56 (2017), adjusting the manifest requirements for air imports and exports, effective June 1, 2018

Additional information elements under the revised requirements for your formal entry shipments include:

- Shipper enterprise code\*
- Contact identifier and contact number of the shipper
- Consignee enterprise code\*
- Contact identifier and contact number of the consignee
- Greater specificity of goods being shipped\*\*

Please ensure the above is included in your commercial invoice.

We appreciate your business and will continue to work diligently to provide you reliable and competitive service. A copy of the GACC 56 notification is attached. If you have any questions or concern regarding these changes, please contact me or UPS customer service representative.

Sincerely,

Jenny Harland

\* Enterprise code refers to the code that the shipper/consignee registered in their country's authority for doing business and definition varies by country. A copy of the enterprise code types is attached. For countries not listed in the attached,

enterprise code will be “9999+company number” or “ID+ID number / PASSPORT+passport number / 8888+ID number” for personal shipment.

\*\* A copy of examples of acceptable and non-acceptable commodity descriptions is attached.
